FIREMEN WILL REMAIN LOYAL

POLICE AND FIREMEN DEFY COMMISSION

(By Associated Press)

MASSACHUSETTS, Sept. 16.—The order of the Civil Service Commission of this city demanding the dissolution of the policemen's and firemen's unions having met with a flat refusal by the men, either to obey the order or resign the commission today faced a problem in its determination to enforce the order. Members of the firemen's union declared that in reply to the order that "only guns would put them out" while the decree was hooted by the policemen when read to them.

The order was issued by the Commission in compliance with a demand made by Massachusetts citizens in mass meeting yesterday in which the Civil Service Commissioners were given the alternative of immediate resignation.

"Immediately upon the refusal of the men to obey the order more than 200 discharged soldiers, who volunteered to serve as police or firemen in case of emergency, began assembling at the state armories. Warren McWilliams, an ex-service man, who was appointed Chief of Police Saturday after the former chief had been forced by the civil service commission to resign announced that he would stand by the commission and later ordered all members of the policemen's union to turn in either their union cards or their badges. Fire Chief L. M. Jones, however, who is a member of the firemen's union has refused to carry out an order of the Commission that the same demand be made upon the firemen.

OFFICIALS WILL NOT COMMENT ON REPORT

(By Associated Press)

WASHINGTON, Sept. 16.—Officials here in the absence of President Wilson and Secretary Lansing will not comment upon the report that the United States has asked Japan to set a definite date for the return of Kiao Chau to China. The general impression in official circles is that the report is well founded. Japan's answer to such a request by the government would have important bearing on the Senate's consideration of the peace treaty as one of the objections to it on which opposition is being centered is the Shantung provision. Administration supporters of the treaty feel that a definite announcement by Japan setting a date for the return of Kiao Chau would go far to remove that point. Various Japanese officials have stated that Kiao Chau would be returned but a time never was set.

Agitation for a General Strike in Boston Seems to Have Lessened--Authorities Busy in Reconstruction of Police Organization

TREASURY IS FACING A BIG DEFICIT

(By Associated Press)

WASHINGTON, Sept. 16.—A deficit of more than \$3,000,000,000 by July 1st, 1920, is facing the treasury even should Congress not appropriate another penny before that date, Chairman Good of the appropriations committee today informed the House warning that greater economy than ever existed before must be practiced by Government departments.

ENTERTAINED THIS EVENING.

A party of men from the U. S. Delphi and from the naval hospital corps will be entertained this evening at Sagamore Lodge, Little Harbor, by the Girls' City Club.

(By Associated Press)

Boston, Sept. 16.—Officers of the fire department will not join in the sympathetic strike to aid the policemen. This was announced today after a meeting of the directors of the officers' club which represents 15 percent of the fire fighting force of the city. The vote was unanimous. At the same time Fire Commissioner Murphy announced that he had reason to believe that the firemen as a whole would remain loyal to the city. On the whole the second week of the strike opened with no material change in the situation. The policemen's union and those trade unions which have already endorsed the strike appeared to be marking time until the full strength of the sympathetic vote which is being taken among the affiliated locals can be determined, or until it is decided that court action should be the next move.

Commissioner Curtis of the Police Department whose notes have been indexed by Governor Coolidge indicated that the authorities were busily engaged in the reconstruction of a police organization but at the same time diligently preparing to meet any emergencies. While nearly 100 unions were said to have voted on the suggestion of sympathetic action with several large locals expected to ballot today, the agitation for a general strike appeared to be considerably lessened. Final action on the proposal is not looked for before the regular meeting of the Central Labor Union next Sunday, at which time a special committee which

is receiving reports of the individual locals will submit its report.

The attitude of organized labor toward the striking policemen is being deliberately determined. The Carpenters' Union, United Hebrew Trades and the Barbers' Organization have pledged support. The action of the union was taken before the strike.

The Allied Trades Council representing printers, stereotypers, linotype operators, news-writers, hatters, wagon drivers and others employed by teamsters announced today that the Council had endorsed the labor strike and instructed the Secretary to call upon all the unions to take an immediate vote on the matter of supporting the police.

A committee was appointed at a meeting of the council to protest against certain press reports which were described as unfair to organized labor. The telephone operators began voting at 10 this morning and the polls will be open until 10 tonight. Their ballot, according to an official of the union, carried the question of "whether we will participate in a general strike if such action becomes necessary to support the affiliation of the Policemen's Union with the A. F. of L." It was authoritatively stated that the girls had been assured that a decision to call a general strike would be made only upon the advice of President Gompers and that it would be a mature decision that provided for the safeguarding of their interests so far as this was possible.

U. S. ASKS FOR RETURN OF KIAO CHAU

(By Associated Press)

HONOLULU, Sept. 16.—The United States has asked the Japanese government to fix a definite date for the return of Kiao Chau to China according to cable advices received here today by the Nippon Jiji, a Japanese newspaper. The cable added that the Japanese government had not answered the communication.

NOTICE

At the next regular meeting of the Portsmouth Council K. of C. (Tuesday evening, September 16, 1919), the annual election of officers will take place for the ensuing year. All members are requested to attend.

SIX MONTHS INDUSTRIAL TRUCE ASKED

(By Associated Press)

NEW YORK, Sept. 16.—Proposals that the President of the United States be made a member of the American Federation of Labor and that all strikes now in progress throughout the country be immediately cancelled in order to meet the present "portious situation" by which "the foundations of our free democratic government are threatened" are contained in a communication sent to Samuel Gompers and the Executive Council of the A. F. of L. by the "League of American Federation of Labor members for partnership and industrial Democracy." It was made public here today. The league was recently organized by John J. Pierce and Isador Epstein, who were members of a committee appointed by James P. Holland, President of the State Federation of Labor to investigate industrial conditions. The report of the committee which was published on Labor Day recommended an industrial truce for six months during which there should be no strikes. The report was republished by Holland and he discharged Pierce and Epstein from the committee.

CARPENTERS AND JOINERS, LOCAL 1982

Meets the first and third Thursdays of each month at 7:30 p. m. in K. of P. hall, Freeman's Block, Congress St.

WILL REACH SAN FRANCISCO TOMORROW

(By Associated Press)

On board President Wilson's Train, Sept. 16.—Heading southward for San Francisco, President Wilson today began a six day's visit to California in the interest of the peace treaty. On the longest leg of his western trip, his train had no stop scheduled during the entire day and he improved the opportunity to rest from his speech making campaign in the northwest. He will arrive in San Francisco tomorrow morning completing the first half of his 12,000 mile swing around the circuit.

SEVENTY BODIES ARE RECOVERED

(By Associated Press)

SILVER, Texas, Sept. 16.—Seventy bodies of flood victims mutilated beyond recognition have been recovered at Silton, the relief headquarters for the entire surrounding bay shore territory.

Forty bodies were found at Westport, 22 at White Point, 4 or 6 below Oden and a few at Portland. No one was killed at Silton but property damage was high.

The New Fall and Winter Coats

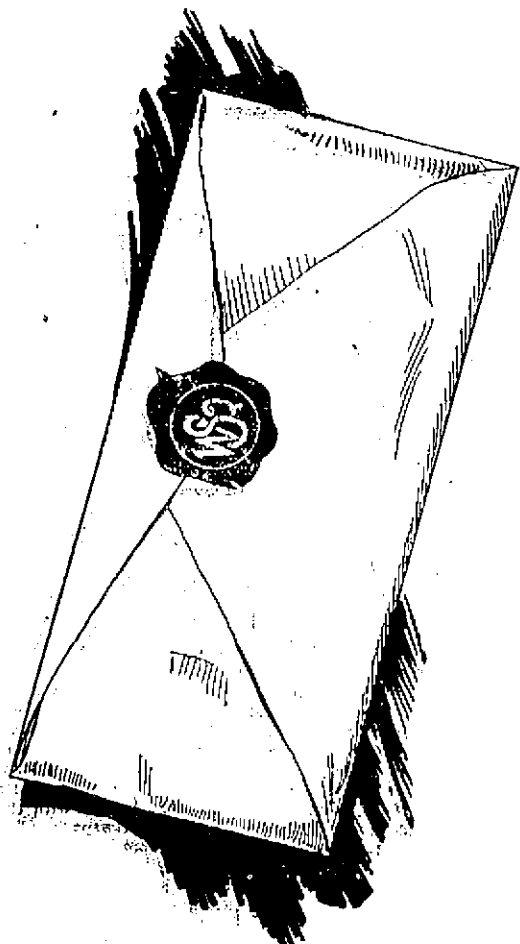

are ready and reflect the latest in fashion, the best in material and workmanship. So varied and numerous are the selections that it is easy to choose a garment just suited to your individual needs in color, in fabric and in price.

There are handsome velours and silvertones, plush and plaid back fabrics that are rich and warm. The shades of tan and brown are high in favor with an excellent assortment of greys and the more striking colors.

Prices range from \$25.00 to \$95.00.

MAZOLA

RECURRENCE OF INFLUENZA THIS YEAR HELD PROBABLE

Washington, Sept. 16.—That a recurrence of the influenza epidemic this year is probable, but by no means a certainty, is the declaration made by

the United States Public Health Service in a statement issued today by Surgeon General Rupert Blue. The Health Service has made a careful study of the disease, and asserts that if the epidemic should again occur indications are it will not be as severe as it was last winter.

Urging State and city officials and

country to prepare for a possible return of the epidemic, the statement calls attention to the fact that no positive preventative of the disease has been found, and it is not certain the germ has been isolated. The only precautionary measures known to the Health Service are rigid enforcement of sanitation rules and avoidance of personal contact.

announced the Mendel & Sony wedding march was rendered by one milch cow, six years old, one Jersey cow and one sheep, who carried a bunch of bride's roses in her mouth, was very beautiful. She wore one light spring wagon, two crates of apples, three racks of hay, one grindstone of mousseline de soie and trimmings with about 100 bushels of apples. The bride couple left yesterday on an extended trip. Terms spot cash.

THE TWO STORIES WERE CERTAINLY MIXED UP SOME

What Happened in a Newspaper Office When Proof-reader Had a Day Off.

Mistakes will happen even in the best regulated newspaper offices, and as an illustration of what can happen, the following mixup recently appeared in the Bangor (Penn.) News, where the printers evidently got the linotype slugs of a wedding and an auction hopelessly confused.

William Smith, the only son of Mr. and Mrs. Joseph Smith, and Miss Lucy Anderson were disposed of at public auction at my farm one mile east, in the presence of 70 guests, including two mules and 12 head of cattle.

The Rev. Johnstone tied the nuptial knot for the parties, averaging 1250 pounds on the hoof. The beautiful home of the bride was decorated with one silky rake, one feed grinder and two sets of work harness, nearly new, and just before the ceremony was pro-

MEDICINAL ROOTS, HERBS, BARKS AND BERRIES

And other alternatives, tonics and health-giving ingredients that are recommended in the best medical books, are combined in Hood's Sarsaparilla. It builds up the blood, improves the appetite, invigorates the digestion, tones the stomach and gives nerve strength so as to promote permanent good health. Has merited and held the praise of three generations. You should give it a trial. As a gentle thorough cathartic many recommend Hood's Pills.

N. Y. FIREMEN OPPOSED TO STRIKES

(By Associated Press)
New York, Sept. 15.—The uniform officers' association of the New York fire department unanimously adopted resolutions warning the firemen who are seeking more pay from making any organized effort to force it. They charge that it would be unkind and a crime for them to desert their post.

SCHOOL TEACHERS STRIKE FOR MORE PAY

(By Associated Press)
Linton Ind., Sept. 15.—The twenty-five schools in the adjoining township did not open today owing to the difference between the teachers and the town officials over wages. The school teachers organized during the summer months.

GIANTS GIVE UP RACE FOR PERANT

(By Associated Press)
New York, Sept. 15.—John Morgan, owner and manager of the New York Giants, today told the "New York Times" that he was corresponding to the club's U. S. Red.

HALT WARSHIP BUILDING

French Committee Oppose Resuming Construction of Vessels Begun in 1910
Paris, Sept. 15.—The request of the Minister of Marine for appropriations to resume work on five battleships on the stocks before the war is meeting with opposition in the marine committee of both the Chamber and Senate. It is asserted that "the ships" were planned in accordance with the new conditions of warfare.

Work on the ships was suspended in 1915. Engineers of the naval department argue they may be modernized, but there is a strong current of sentiment in favor of dismantling the hulls and saving the large amount of money the completing of the work would involve.

SEARCH FOR FOCH'S SON

French Marshal Asks Belgium to Find Boy Killed in Battle in August, 1914.
Paris, Sept. 15.—(Correspondence of the Associated Press)—Marshal Foch has asked the Belgian Government to have a search made for the body of his son, who was killed in August, 1914, in the Belgian Ardennes. He has religiously refrained from mentioning his lost son, who few knew that the younger Foch was killed early in the war.

Why the Massachusetts Wharf Coal Company Standardizes on

Goodrich De Luxe Truck Tires

The answer can be summed up in three concise sentences—

On a fleet of twenty-four trucks the tires have always delivered far in excess of the liberal mileage adjustment figure (10,000 miles).

The mechanical applying service cannot be excelled.

The Goodrich "Fair-Treatment-Customer-First" policy.

A chain so flawlessly linked underwrites every Goodrich Truck Tire investment. Is it, any wonder Goodrich enjoys the confidence of the vast majority of New England truck owners?

Protect your truck investment with Goodrich De Luxe Truck Tires.

Portsmouth, N. H., Tuesday, September 16, 1919.

A Reforestation Movement.

Readers of this paper will recall that not long ago it discussed the desirability and practicability of reforestation, particularly in New England, where there are thousands of acres worth but little except for the growing of trees.

Those who have given this matter any consideration will be interested in a step that has been taken in Massachusetts in an effort to get the state to lay its hand to the work of reforestation. It is claimed that one fifth of the land in that state is idle and that it would be a good thing for the state to buy some or all of this waste land and plant it to trees of such varieties as would yield the best returns.

The Massachusetts Forestry Association has had this matter in mind for some years and is now to attempt to secure the necessary legislation by means of the initiative and referendum. There is being circulated a petition asking for legislation authorizing the State Forest Commission to purchase lands suitable for the production of timber to the extent of 250,000 acres. This shall be done within a period of ten years, and the commission shall proceed to reclaim the lands by replanting or otherwise for the purpose of producing timber and protecting the water supply of the state. It will be necessary to obtain 20,000 signatures to the petition and without doubt this will be done, as a canvass of the cities and towns of the state is to be made. This work is already under way and many leading citizens are cheerfully signing the petition.

The only question in connection with this movement is whether it is properly the business of the state to engage in such an enterprise. Possibly it might be better for the state to encourage the owners of the lands to reforest them. This might be done by exempting the lands in question from taxation for a period of years, and perhaps in other ways. As a rule, work done by the state or the federal government is apt to be rather costly. The men handling it have the public treasury behind them and are not so apt to count the cost as are private individuals.

The important fact is that the work proposed ought to be done, not only in Massachusetts, but in practically all of the New England states, where there are extensive tracts suitable for no other purpose. And the same is true to a large extent of many other parts of the country. The price of lumber has been advancing by leaps and bounds for years, due to increasing demands and diminishing supplies, and unless something is done the situation must grow worse instead of better.

If the lands that have been denuded were suitable for other uses it would not be so bad, but most of them are not. It would therefore seem to be the part of wisdom to reforest them and place them in a way to ultimately pay good returns on the investment. The Massachusetts experiment, if undertaken, will be watched with interest in other states, and if it succeeds the example set will probably be extensively followed, greatly to the advantage of all concerned.

James Whitaker, of North Conway, who is nearly eighty years old, has quite into momentary prominence by climbing the highest mountain in the White Mountains. There are many younger people who would do well to follow this aged man's example. Mountain climbing is a most invigorating and healthful exercise.

All New England stands to a man against restoring any of the Boston deserts. There should be no wavering or faltering if it takes months and years to win. Every loyal American man, woman and child stands for right and justice in this country and it cannot stand for the men who turned over the great city of Boston to the looters.

The Central Maine fair last week was as much of a success as the weather would permit, and Governor Milliken's new overcoat, which was made from wool clipped on the grounds after the opening of the fair, is said to be a beauty, and to "set off his tall figure to great advantage."

Governor Milliken of Maine did not wait until every part of the country had rushed to the assistance of Governor Coolidge. He promptly wired: "I'm with you," when the police strike took place, and he did not "listen" to see how it was going to go with public opinion.

New Englanders always feel that the springs should be well filled before winter sets in, and if September keeps the rain coming as it has thus far there should be no danger of a winter drought in 1919-20.

It is said that the war has "knocked the stuffing" out of the National Socialist party. Thus does that organization share in the awful sacrifice the world has been called upon to make.

PEOPLE'S OPINIONS

Strikes Should Be Called as Only a Last Resort.

Editor The Herald

We are accustomed to thinking that the age in which we are living with its turmoil and disturbances as the most stupendous and problematical period of all time. But we find by studying history that every age had its revolutions and changes and that internal difficulties always followed the close of war in any country. If we had lived in the days of the dissolution of the Roman Empire, or in the days of the French Revolution we should have thought the conditions then the most serious of the world's history. The testimony of great thinkers of these dates bear evidence to the anxiety of all those passing through those times of deep trouble. We recall the seriousness of the condition of this country in the days immediately following the close of the Civil War.

There have been times in all ages when the laboring masses have been oppressed by the hand of capital and multitudes have starved while men of wealth have gathered unto themselves more millions. If organization the workers have gradually gained more concessions, and recently organized labor has become powerful enough to obtain from demands from governments and to easily paralyze industry to an alarming extent.

There is grave danger that labor shall become as arrogant as capital, and by the repetition of strikes unwittingly bring to themselves great harm as well as injuring the well being of many innocent people with which they are not directly affiliated. Higher wages cause living costs to continually move higher so those whose income have reached the top notch are still able to live in a degree of comfort. But what of the thousands of people on fixed salaries who find expenses rising higher every month? Can a man making but three dollars a day purchase food and clothing any cheaper than the one receiving six dollars a day for his labor?

It is a sad condition when teachers and other persons with education are compelled to relinquish their positions for a laborer's job in order to make a living. If the workers of the world were truly united and had the principle of the brotherhood of man in mind there would be a striving to equalize incomes instead of boosting one class continually higher and leaving the others to suffer on a pittance.

Disinterested public opinion may be gained by those unjustly paid farmers by peaceful agitation and attention to duty, than by strikes and riots. Many strikes are unjustified and bring ultimate harm to all. A general strike, which some consider a panacea for all ills, would cause disaster and suffering for untold thousands and in the last analysis become a great setback for the entire organized labor movement. Arbitration and decisions by government commissions should be the basis of settlement of all differences between employer and employee; and strikes should be called only as a last resort.

RICHARD H. PHILLBRICK.

PASSED WEEK-END AT SAGAMORE

A party of young women from the Girls' Service League of Newburyport, Mass., passed the week-end at Sagamore Lodge. The weather proved pleasant and the time was taken up with hiking, boating and swimming for out-door recreation. On Saturday evening a party was given for wounded men at the naval hospital, when games, dancing and other diversions made the time pass in an enjoyable manner.

The young women from Newburyport who were guests at the Lodge over the week-end were the following: Misses Olive Benson, Esther Benson, Margaret Huntington, Nora Huntington, Clara Huntington, Frances Gould, Ethel Hart, Mildred Pearson, Margaret Pettibard, Georgia McGowan, Pearl Laton and Mildred Stevens.

Mrs. Harry Yeaton and daughter are passing the day in Boston.

THE HATTER

NAVY YARD NOTES

Rounded Up Twenty-Seven.

The naval provost guard from the Charlestown yard rounded up 27 sailors during Sunday. They were found at Revere Beach, Lynn and other places. Two were found to be wearing the uniform illegally. Three were deserters, five were from the Merchant Marine and the others from the Regular Navy, absent without leave or not having passes.

For Permanent Grade.

Word was received on Monday that the Navy Department is ready to proceed with the examinations for permanent grade in the naval reserve force.

Some Sports at Boston.

Some sports at the Charlestown yard. A gang of rowers for the baseball team from that yard had the pleasure of going to New York on the destroyer Rush to witness the game between the New York and Charlestown yard teams on Saturday last.

Forty-Six Called.

The Industrial Department made a call for 46 today, which included 16 machinists, 16 machinists' helpers, 15 painters and 5 rivet heaters.

Need Two More.

One apprentice shipwright and one apprentice shipfitter are wanted in the Industrial Department.

New Officer Reports.

Lieut. Junior Grade C. O. Herrmann of the U. S. S. South Dakota has been assigned to the receiving ship Southern as executive officer.

To Submarine Base.

Chief Electrician Michael A. Fritz of the Southern has been transferred to the submarine base at New London.

Pharmacist's Mate Going Out. Three pharmacist's mates, John E. Plone, Charles B. Plumb, and Robert E. Lanestrom, from the receiving ship Southern, were sent to various stations today for discharge. Plumb was a member of the regular navy and the others were attached to the reserve corps.

Bridge Party Thursday

Miss Mary Cobb, a guest of Commander and Mrs. H. S. Howard, will entertain at bridge a party of yard residents on Thursday afternoon.

Back From Auburn

Lieut. Comdr. Thomas M. Osborne has returned from a visit to his home in Auburn, N. Y.

MEET THE GOODYEAR TIRE EXPERTS

Here Tuesday and Wednesday

Free to all, regardless of where you buy your tires, or what kind you use. As a part of Hiram E. Weaver's service to the motoring public we have arranged to have two tire experts here Wednesday and Thursday, Sept. 17 and 18, for the purpose of showing all owners of automobiles the proper methods to pursue to cut down their tire bills and procure the greatest possible mileage from their tires.

This demonstration, though absolutely free, will be of invaluable interest to every owner of an automobile who can possibly find a half hour or more on either one of these days to meet these two experts and observe the interesting demonstration they will

present.

A little time spent here on either Wednesday or Thursday will save you good gold dollars in the running expenses of your car, so don't fail to come in.

PREMIER NITTI FACES CRISIS

(By Associated Press)
Paris, Sept. 16.—Premier Nitti of Italy faces a governmental crisis as a result of his denunciation of Capt. D'Annunzio who last week entered Fiume at the head of a strike force of irregular troops and who has since that time been receiving reinforcements according to advices.

COURT DISMISSES B & M MINORITY LAW SUIT

Boston, Sept. 15.—The full bench of the Supreme Court, then Chief Justice Rugg, today dismissed the bill in equity brought by Edward F. Brown and another, minority stockholders, seeking to have the court review, annul, modify or amend an order of the Public Service Commission approving a plan to reorganize the Boston & Maine Railroad.

In his opinion on the case, Judge Rugg says that there is not merit in any of the petitioners' contentions. The petitioners, he says, having waived a proposed attack on the validity of the debt of \$13,306,000, nothing remains to the petitioners worthy to be dignified as a constitutional question concerning deprivation of property without due process of law or denial of equal protection of the law. It needs no discussion to prove the power of the Legislature to authorize a public service corporation in such financial straits as the Boston & Maine has been, acting then a majority of its stockholders to refund its valid indebtedness in the manner authorized.

The special acts of 1915 gave the Boston & Maine the right to acquire ownership of all leased lines and to issue bonds and stocks to the amount of \$13,306,000 to refund its floating debt.

PERSONALS

Mrs. Thomas O. Marvin and daughter are in Boston today.

Mr. and Mrs. Alice Harrison of Fall River, Mass., who were married a week ago, are passing a portion of their wedding trip in this city where they are the guests of Mr. and Mrs. T. Daniel Hayes of Columbia street.

Assistant Manager Warren of the Hotel Rockingham has resigned his position and will move his family to Boston where he has accepted a place as traveling salesman for a firm of that city.

Captain M. N. Usina of the Coast Guard Service, who has been on duty at the Navy Yard for several months, has been detached and after a short leave will go on duty on the revenue cutter Apache.

Manager Harry C. Raynes was in Concord on Monday to accompany his daughter to St. Mary's school.

J. W. Hodgdon has returned from Detroit, Mich.

Mrs. Frank Brown and three children of East Orange, N. J., who have been at the mountains, passed today in this city as the guests of her mother, Mrs. Albert Day.

Miss Ethel L. Foss is having vacation from her duties in the U. S. Coast Guard office.

Philip Yeaton has accepted a position as instructor in the Textile School, Lowell, Mass., and will with his family reside there.

BITRO-PHOSPHATE IS GOOD FOR THIN NERVOUS PEOPLE

A PHYSICIAN'S ADVICE

Frederick S. Kelle, M. D., Editor of New York Physician's "Who's Who," says that weak, nervous people who want increased weight, strength and nerve-force, should take a 5-grain tablet of Bitro-Phosphate first before or during each meal.

This particular phosphate is the discovery of a famous French scientist, and reports of remarkable results from its use have recently appeared in many medical journals.

If you do not feel well, if you tire easily, do not sleep well, or are too thin, go to any good druggist and get enough Bitro-Phosphate for a two weeks' supply—it costs only fifty cents a week.

But less; chew your food thoroughly, and if at the end of a few weeks you do not feel stronger and better than you have for months, if your nerves are not steadier, if you do not sleep better and have more vim, endurance and vitality, your money will be returned and the Bitro-Phosphate will cost you nothing.

h Sept. 16-23-30.

BIBLE CLASS HELD MEETING

The Minute Men's Bible Class held its first monthly meeting of the season Monday evening in the Court Street Christian church. The president, Oscar Brigham, presided and the usual routine business was transacted. A social hour followed, games making pleasant diversion. The annual election of officers will be held at the meeting next month.

ATLANTIC HEIGHTS

Mr. Clarence Richardson and family left last Friday in their car for Saratoga Springs, N. Y.

W. T. Dunbar and family spent the week end with relatives in Ipswich.

Mr. and Mrs. Frank Sullivan spent the week end with Mr. Sullivan's mother at Newburyport.

ELKS' OUTING.

The annual outing of Portsmouth Lodge, No. 97, B. P. O. E., takes place on Wednesday at Rand's Grove, Rye, and a fine program has been arranged. Favorable weather conditions is all that is needed to make the occasion a grand success.

ATTENTION

United Spanish War Veterans Regular meeting of W. S. Schley Camp No. 4, U. S. W. V., Tuesday evening, Sept. 16, in G. A. R. hall, Daniel St. Business of importance. A full attendance desired.

By order of
JOHN FODEN, Com.
HARRY W. FOSTER, Adj.

LOYAL ORDER OF MOOSE

Members and sojourning brothers are cordially invited to attend a meeting of Portsmouth Lodge, No. 444 to be held Tuesday night. The degree team of Newburyport will at this time initiate a class of candidates. Come and get initiated in the Mooseheart legion. Refreshments will be served.

BUY YOUR COAL NOW

Harry A. Garfield, U. S. Fuel Administrator, says: "Buy now—in August or the Autumn will be too late. A big coal shortage is coming. Thousands of miners are going back to Europe. Coal production has fallen off considerably and a shortage of many million tons looks probable. My advice to consumers is to buy NOW while they can get a selection and DELIVERY."

"I feel bound to say that, as I see the situation, we are likely to experience a coal famine in the Fall."

Walker T. Hines, Director Gen. of U. S. Railroad Administration, says: "Unless the consumer buys his coal this summer he is going to find it difficult to get it this Fall and Winter. I predict a shortage of cars because of resumption of business in general, with which the coal industry must share transportation facilities. There are plenty of cars today and consumers of coal are urged to use them while they can get them."

FOYE'S

PERSONALS

Officer Michael Mahoney of the Linn
police force was here today.
Mrs. J. J. Goodwin has returned
from a visit in Walsford.
Miss Helen Adams, daughter of
Judge and Mrs. Edward H. Adams has
entered Kent's Hill Seminary.
Mrs. Emanuel H. Hamilton has re-
turned from a few days' trip to the
White Mountains.
Miss Cora Littlefield of Fall River
Mass., is passing two weeks as the
guest of Mrs. Lydia Gray of Gravelly
Hill.
Mr. and Mrs. George Macdonald of
Thorp street have returned from a
three weeks' visit with relatives in
Peabody, Vt.
Miss Ethel Childs of Rosebury, Bel-
shire, Columbia, is visiting her father,
George W. Pollard in this city, her
former home.
The many friends of Mrs. Dowdell,
wife of Supt. W. E. Dowdell of the
Portsmouth street railroad, will be
sorry to learn that she is restricted to
her home by illness.
Captain William J. Lawrence of the
Salvation Army, who recently under-
went an operation for appendicitis at
the Portsmouth Hospital, is improv-
ing daily.
Mrs. William Chandler who has re-
sided on Langdon street for several
years, has, owing to ill health been
obliged to give up her home and will
hereafter reside with her niece, Mrs.
Florence Parody at Kittery Point.
Mr. and Mrs. John T. Lambert of
Boston, who recently returned from a
sojourn in the White Mountains, are
the guests of Mr. Lambert's mother.
His many friends will be pleased to
know that there is a marked improve-
ment in Mr. Lambert's health.
Col. Michael Crowley of East Boston,
a former well known resident of this
city, attended the National Home of
Veterans' convention held at Colum-
bia, O., and served on the credential
committee of the R. of V. encampment.
The condition of Mr. Arthur J. Lane
is very much improved, which will be

GIRLS! USE LEMONS FOR SUNBURN, TAN

Try It! Make this lemon lotion
to whiten your tanned or
freckled skin.

Squeeze the juice of two lemons into
a bottle containing three ounces of
Orchard White, shake well, and you
have a quarter pint of the best freckle,
sunburn and tan lotion, and complexion
whitener, at very, very small cost.
Your grocer has the lemons and any
drug store or toilet counter will supply
three ounces of Orchard White for a
few cents. Massage this sweetly frag-
rant lotion into the face, neck, arms
and hands and see how quickly the
freckles, sunburn, windburn and tan
disappear and how clear, soft and
white the skin becomes. Yes! It is
harmless.

USE KYANIZE FLOOR FINISH

Makes any Old Floor Look Like New.
Comes in Mahogany, Oak, Green, Cherry and Walnut.
Made to Stand the Scuff and Tread of Heavy Shoes.

TO SAFEGUARD EMPLOYEES FROM ACCIDENTS

Atlantic City, Sept. 16.—It would be
necessary to dig a grave 48 miles long
to bury the men, women and children
killed by accidents in the United
States during the nineteen months of
our participation in the war with Ger-
many, C. W. Price, general manager of
the National Safety Council told the
American Institute of Metal Packers in
convention here Monday.

During that period, Mr. Price said,
"an address on 'Safety From the Standpoint of Industrial Efficiency,'
approximately 126,000 persons were
killed in accidents in 'peaceful Amer-
ica' and more than 2,000,000 men,
women and children were so seriously
injured that they lost over four weeks
of time or were permanently maimed.
He pointed to the fact that the casual-
ties from accidents each year are
twice as great as were the casualties
among our soldiers, sailors and mar-
ines during the war.

"There never was a time when em-
ployers of labor and serious-minded
citizens generally were waking up so
fast to a realization of what this loss
means to industry and society," Mr.
Price said. "The most significant fact

THE STATE OF NEW HAMPSHIRE

Rockingham, ss.
In the matter of a bill for divorce with
prayers relative to other relief, which is
now pending in the superior court for
said county of Rockingham, the original
which is on file in such court and may
be examined by interested parties, the
title of the case follows:
Robert H. Chaddbourne vs. Ivory D.
Chaddbourne. It appearing that the resi-
dence of the libellee is unknown, it is or-
dered that the libellant give notice to the
libellee to appear at the superior court
next to be holden at Portsmouth, in said
county of Rockingham, on the third
Tuesday of October, 1919, then and there
to show cause, if any there be, why the
prayers of said bill should not be granted,
by causing a true and attested copy
of this citation and order of notice to be
published in The Portsmouth Herald, a
newspaper printed at Portsmouth in said
county of Rockingham, it being a ques-
tion published at the last known place
of residence of the libellee in this state,
three weeks successively, the last publi-
cation to be at least fourteen days prior
to the return day. It is further ordered
that the clerk shall send by registered
mail with request for a return receipt, a
copy of the libel and order of notice to

that stands out in ten years' expe-
rience in organized accident prevention
is that we have absolutely demon-
strated that we can eliminate three-
fourths of all accidental deaths and
serious injuries in industry. Not more
than one-third of this reduction can
be brought about by mechanical
guards. Two-thirds must be brought
about by education and organization."
Mr. Price said that there should be
a safety engineer or safety inspector
in every factory who should be given
a chance to study the best methods of
preventing accidents to employees. He
suggested also that inspection com-
mittees of workmen should inspect
each plant once a week or once a
month to discover unsafe practices or
dangerous conditions and that bulletin
boards should be used to teach em-
ployees to avoid risking accidents.

NEWMARKET MOTHER ASKS FOR SOUVENIRS

New York, Sept. 16.—This is a mes-
sage to one of three young women
from the mother of Bentonsville's Mate
Seth E. Bickford, who died at sea in
September last after helping in the
rescue of members of the crew of a
torpedoed ship while he was a sufferer
from influenza. He was on the U. S.
S. Thicketts.

His mother, Mrs. E. T. Bickford of
Newmarket, N. H., has been told that
her son left for safe-keeping with one
of the young women with whom he
visited Coney Island in August last,
war trophies and souvenirs which he
had collected in Turkey, Siberia and
Northern Russia.

Mrs. Bickford would be very grate-
ful to the young woman if this appeal
reaches her eyes, whoever she is, if
she would return the souvenirs. The
mother would like them as remem-
brances of her boy.

Mrs. Bickford had been unable to
get any clue to the identity of the
young woman, who, she was told, had
the souvenirs until a few days ago,
one of her son's former shipmates ar-
rived in this country with three pho-
tographs of girls. The mother hopes that
her appeal will be successful.

STATE OF NEW HAMPSHIRE

PUBLIC SERVICE COMMISSION
The New England Telephone & Tele-
graph Company having filed with this
commission notice of its desire to ex-
change in effect on or after December 1,
1919, its existing rates and charges for
exchange and toll service furnished by
it throughout New Hampshire, which
said rates and charges are those author-
ized by the Postmaster-General during
the period of Federal control over the
properties of said company, and are now
being continued in effect, until said De-
cember 1, 1919, under the provisions of
an Act of Congress, it is
Ordered, that all persons desiring to be
heard by this commission with reference
to the reasonableness and lawfulness of
said rates and charges, and of said pro-
posal to continue the same in effect, file
their request for hearing thereon with
this commission not later than October 1,
1919, and that said New England Tele-
graph & Telephone Company give notice
of said proposal and of this order con-
cerning the same by causing an attested
copy of this order to be placed in care
of the daily newspapers in the state of
New Hampshire not less than three
times, the last publication to be not later
than September 27, 1919.
By order of the Public Service Com-
mission this sixth day of September, 1919.

Arlington Training School for Nurses

Schedules a Eight Hour Day!
This feature with the many other advantages offered makes this school especially attractive to the young woman who desires to train for a nurse. Located eight miles from Boston, it provides a pleasant home, an excellent table and all round training including courses in contagious, medical, nervous, mental diseases, obstetrics and surgery. These are given under able teachers and well known physicians and surgeons. The salary allowed is \$10 per month with laundry and an eight hour day. The graduates of this school are eligible to all state and national nursing associations and are successfully employed in private, institutional, industrial, public health, army and Red Cross nursing. Further information may be obtained by addressing the Principal of the Arlington Training School for Nurses, 183 Hillside Ave., Arlington Heights, Mass.

DR. GRADY

Professional Visit to

PORTSMOUTH

The patients of DR. GRADY will be glad to know that he has arranged a professional visit

TO PORTSMOUTH

He will be at the

Kearsarge House

Friday, Sept. 19

There is no physician in the United States better known than Dr. Grady. His cures are so numerous and of such a wonderful nature that many writers have claimed that his cures were MIRACLES.

This visit to Portsmouth by Dr. Grady will afford an excellent opportunity to many to consult this eminent specialist close to their homes.

Consultation

and
Examination
FREE

Office Hours, 1 to 8 P. M.

SPORT NOTES
OF INTEREST

Herbert H. "Kid" Kempton, the sensational quarterback on the Boston 1918 eleven, will return to Yale this fall and should make a great football man for the Yells. He played on the freshman eleven at Yale but left to enter the service. He has recently been discharged from the navy, after serving for nearly two years. During the summer he has been engaged as fire warden in Maine, and his work kept him walking many miles during the day, thus rendering him in perfect condition for a hard football campaign.

The boxing season will open in Manchester shortly when Johnny Noonan who is making his home in that city, will go against Charlie Parker of Boston. Johnny is in the pink of condition as he recently returned from service in the navy. Previous to Johnny Kloby's recent bout with Eddie Sheehan, Johnny was one of the big favorites in preparing the Y D boxer for the fight. Parker's will over Johnny Donovan in Boston last Tuesday evening shows that he has the class and Noonan will have to go some to win. Johnny Noonan won from the Jersey Kid here last week and boxed under the name of "Young Murphy."

A wrestling match of much interest is booked for Sept. 26 at Franklin, N. H. between Soldier Kidron of Portland and Nick Lauges of Nashua. This pair wrestled to a draw on Labor Day.

The Athol, Mass. Athletic club recently put on three fast boxing bouts. The main number between Larry Cross of Lynn and Jerry Cahill of Everett went 12 rounds, the decision going to Cahill. Cross broke a bone in his right hand during the second round, but put up a stiff battle. The slight round

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

GOLD MEDAL
HAARLEM OIL
CAPSULES

bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. All druggists, in three sizes. Look for the name Gold Medal on every box, and accept no imitation.

semi-final between Battling O'Neil of Camp Devens and Joe Kelley of Roxbury was a draw.

Boxing promoters who have a permit for matches in an open air arena at Norwalk, Conn., on Monday, Oct. 13, have proposed a 15-round bout between Jack Britton, welterweight champion and Henry Leonard, at 135 pounds at 3 p. m., ringside. The promoters say they are willing to offer \$25,000 for the match.

Quite a number of sports survived in New Hampshire this summer in one location only; roller skating for instance at Pine Island Park, Manchester; roque at Bethlehem; bowling on the green at North Woodstock. There has been trap shooting at Newstead and Maplewood, Exeter, Dover and Goffstown. One of the results of the war is likely to be an increased vogue for boxing.

Mark Devlin, the former Holy Cross football star, has signed a contract to coach and captain the Moline, Ill., professional football team. He will take some former eastern college players with him when he starts for the west.

for Buck Sweetland, ex-New England League catcher, who starred at Everett High before he went to Portland, and Jack Flynn of St. Ambrose's have agreed to play with the Lawrence boys.

Tommy Finnegan of Dover, a 140 pound boxer, just out of the navy, writes a Portland paper he is anxious to meet any of the Maine boxers in his class and doesn't mind a few pounds difference in weight.

Cornell, Colgate, Penn. and Brown comprise a list of opponents worthy of Dartmouth's football side. It will be one job for Spears to turn out an eleven that can get the edge over the outfits coached by "Speedy" Irish, Larry Bankart, Bob Fobwell and Ed. Robinson.

Boston is tight man over the coming battle between Johnny Wilson and Jake Ahearn. One is calling the other yellow and the funny part of it they have been accused of finding a soft spot to flop on in tough battles. Wilson never liked to take it with a hard hitter and Jake is the last fellow in the world to carry the fight to a hard hitter. Mike Gibbons hit Jake so hard in Milwaukee that he didn't come to for some minutes.

The fight fans in Lawrence say that Young Kloby will whip Jack Britton if they ever fight. Here is a comparison they don't seem to figure—what would Mike O'Dowd do to Kloby? Then what did Britton do to him? According to the reports Mike saw more gloves that night in Jersey than he saw in the ring. Before Kloby figures on fighting Britton why not wait and see how he fares with Eddie Fitzsimmons?

MAGEE NATIONAL

—with the "Wonder Oven"

THE MOST PERFECT COMBINATION OF CONVENIENCE, EFFICIENCY, AND TIME-SAVING WHICH THE HOUSEWIFE HAS EVER KNOWN

GAS OVEN, COAL OVEN, IN ONE

COAL, wood or gas may be used, or either of the first, combined with gas, to secure any required degree of heat. The oven is always ready; can be heated to the desired temperature at once; food is beautifully done—on time; there are no complicated parts—no guesswork—no trouble. Simply one push of the lever does it all. Truly a miracle of helpfulness to the modern housewife. Send for the new illustrated booklet.

The Magee National is very compact (only 45 inches over all); it is exceptionally handsome, easily kept in order and cleanly to operate. Trimmed throughout in white enamel—Glass or plain iron oven doors if desired.

"One Oven. Does It All"

Don't Forget
the regular Wednesday night dance at Wentworth Hall, Kittery. h 21 s10.

HELP GET NEW INDUSTRY HERE

In response to its advertising the Chamber of Commerce has been able to obtain something more than half the number of girls required for work on high grade wash dresses. It fifty names are secured by the Secretary of the Chamber it means that representatives of the manufacturer will come to Portsmouth, meet those who have expressed their willingness to consider this work and make definite arrangements for the opening of a factory in Portsmouth. This is good clean work and it means a permanent manufacturing plant which will probably enlarge its facilities as time goes on. Secretary Barker of the Chamber of Commerce is anxious to secure as many names as possible of girls or women who will meet the manufacturers and talk the matter over in order that something definite may be arrived at.

NOTICE

The regular meeting of St. Asaph's Guild, No. 104, I. O. O. F. M., will be held Saturday evening at 7:30. Business of importance. Lunch will be served. All brothers are requested to be present.

SIDNEY H. LITTLEFIELD,
Sachem.

COULD NOT HOLD PORTER IN THE POLICE COURT

Ordinance Covering Jitney Business Found to Be Defective; Defendant Discharged.

Bliss Porter, a jitney driver who was arrested on Monday appeared in the municipal court today to answer to the charge of violating the jitney law. After some discussion of the case by the court and City Solicitor it was discovered that the recent ordinance passed by the city council was defective to a certain extent and did not specify any date in which the new law should become effective. Judge Thuphill ruled that Porter could not be held under the present law regulating the operation of jitneys and discharged him.

The city council must make an addition to the present ordinance in order that the police may prosecute such cases that come to their attention.

All this trouble would have been avoided if all new ordinances were published in full in the local newspapers before being inserted in the regular copy. Such publication would have caused the detection of mistakes in this jitney ordinance. Many other ordinances passed by the city council from time to time are said not to have reached the printer as yet and it is likely to cause more confusion.

LABOR AFTER THE LOBBYISTS WHO WORKED AT CONCORD

Claim Corporation Agents Killed the Several Labor Bills in Legislature.

The Central Labor Union of Concord at a meeting on Monday night brought up the matter of labor bills that were killed on sight during the special session of the legislature last week.

The union blames the corporation lobbyists for the defeat of three labor measures and for taking the teeth out of the profiteering and hoarding law.

The union has asked a statement from Secretary of State Edwin C. Olson covering the work of the lobbyists at the special session, whom they worked for, and amounts they received for their services.

ARRESTED HERE FOR LYNN AUTHORITIES

Kelly's Wife Complains of Non-Support on Part of Husband.

James T. Kelly, a painter working at the Army reservation in New Castle, was arrested by the local police on Monday and held for the Lynn police on a complaint of his wife for non-support. An officer from Lynn came to this city today and took him in charge.

POLICE COURT

Clarence M. Morrison, charged with reckless driving, was found guilty in the municipal court today. A jail sentence of 30 days was suspended on payment of the costs of court, \$11.04.

FOR SALE—The Clarence I. Sherwood residence at 557 Broad street. Owner leaving town. An unusual opportunity. Butler & Marshall, 5 Market St. h 14 s13

The quickest way to read the police strikes in Boston is for the papers to ignore it. It is now a closed question.

The Girls' Club will soon close its quarters in the Paul Jones house.

The police blotter this morning contained the names of one arrested for non-support, one for safe keeping, one for violating jitney law, one lodger and one for operating an auto without a license.

Miss E. M. Niles calls attention to her OPENING of TRIMMED HATS for fall and winter on FRIDAY and SATURDAY at her new apartment in the old Buckminster House on corner of Blington and Bridge Sts. h 31 s16

It would be a good thing if the police read the riot act to some of the headlines who go about in groups in the center of the city evenings and annoy residents by their noise and roughness. The city has a large playground and there is no excuse for the boys taking the streets to play in.

PROPERTY TRANSFERRED

The transfer of the property at the corner of Middle and State street on which is situated the historic Paul Jones house, was made on Tuesday to the Portsmouth Historical Society by its former owners, the Granite State Insurance Company.

ARRESTED FOR NON-SUPPORT.

James F. Kelly was arrested last night at the request of the Lynn police on the charge of non-support. He had been working in this city for some time. An officer from Lynn came here this morning after him.

PULLED OFF ROMEO AND JULIET STUNT

Barrage of Old Shoes, Bottles and Fire Extinguishers Causes Bold Romeo to Quit in Second Act.

PULLED OFF

A Romeo and Juliet act was staged on Deer street during Monday night and early Tuesday morning.

There were two performances, the first just before midnight and the second at 2 a. m.

At first it was thought the burglars were calling, but when the ladder was brought up and the climb for the second story made, the fear of crooks was dispelled.

However, the bold Romeo of Shakespearian tragedy failed only when a fire extinguisher, old shoes and several bottles made up the ammunition discharged from one of the windows of the fair-Juliet's sleeping quarters. The movie man would have got something else had he been there with his camera.

TO CELEBRATE THE LAYING OF CORNER STONE

Firemen Planning Exercises and Field Day on October 13.

A committee of three members from the several companies of the fire department met at the house of Engine 4 on Monday to talk over the proposed field day on Oct. 13, on which date Columbus Day is celebrated. Along with the field day, the firemen are planning a celebration and exercises in connection with the breaking of ground for the new fire station or the laying of the corner stone if the foundation is advanced far enough to allow it.

The York fire department will be invited to join in the field day and the exercises concerning the new station. Further arrangements are on the way and will be perfected at another meeting to be held on Wednesday evening.

CONDUCTOR WAS KNOCKED OFF CAR BY AUTOMOBILE

Was Collecting Fares on Running Board When Accident Happened.

CONDUCTOR WAS... Osborne Perkins, a conductor on the Exeter and Hampton Street Railway, while collecting fares on the running board of his car, near Seabrook, was knocked from the car by an automobile bearing a Massachusetts number plate.

The driver of the machine stopped and had the injured conductor taken to a nearby house and secured medical attention. The doctor reported that as near as he could determine, there were no bones broken and the injured man would recover.

STREET LOOKS LIKE DARK ALLEY AT NIGHT

Perkallow street between Daniel and Bow street looks like a dark alley at night without any kind of a light. If the committee on street lighting can spare a few dollars this street which is much traveled by people to and from the ferry should be well lighted.

ONCE IN A WHILE THE LIGHTS BURN

Once in a while the several large lights are turned on and the Portsmouth depot looks like a real station. Why these lights were installed and never used is a question. Why not junk them or light up the station as it should be?
